

# Internationalizing CASEE network by introducing innovative mobility activities and defining quality criteria CASEE-In

## Take home message:

The overall objective of the CASEE-In project was improvement of the internationalization of partner universities and the CASEE network through innovative mobility activities and setting up guidelines and recommendations for the internationalization process.

5 work packages: project management, dissemination, mapping of internationalization, introducing innovative mobility activities as well as quality control and monitoring.

## Project management taking into account quality management

Since self-awareness and learning from past performance are powerful tools, valuable input from the quality management point of view was also taken into account – in project management as well as in the outcome of the project. To keep it simple, never forget about the PDCA-cycle: Plan – Do – Check – Act.

## Eager to know the specific results and get more info?

See our website <http://casee-in.usab-tm.ro/index.html> and the posters of the other work packages.

## WP 1 – Project management – What was it all about?

The project team constantly climbed higher on the milestone ladder. Milestones in this WP included the Kick-Off-Meeting in January 2016, the interim and final report, as well as the final closing conference in Chisinau in October 2017.

The financial management of the budget gained more flavor, because the shifting of budget enabled not only one but two generations of students to join the CASEE conference two years in a row (2016 & 2017).

## Project partners

Partner 1 - Coordinating Institution: University of Natural Resources and Life Sciences, Vienna, [www.boku.ac.at](http://www.boku.ac.at)

Partner 2: University of Zagreb Faculty of Agriculture, [www.agr.unizg.hr](http://www.agr.unizg.hr)

Partner 3: Szent Istvan University, [www.sziu.hu](http://www.sziu.hu)

Partner 4: Banat's University of Agricultural Sciences and Veterinary Medicine "King Michael I of Romania" from Timisoara, [www.usab-tm.ro](http://www.usab-tm.ro)

Partner 5: State Agrarian University of Moldova, [www.uasm.md](http://www.uasm.md)
